Citrus Powders

In-demand ingredients in a versatile formulation

Citrus is getting its moment in the sun.

Citrus flavors deliver on the sweet spot of in-demand tastes and ingredient attributes. Today's consumers see citrus as a path to great tastes and a healthy lifestyle.

Easier Access to an Essential Taste

Bluegrass Ingredients' citrus fruit powders make it easier for food manufacturers to incorporate iconic flavors and benefits into their products while reducing shipping and storage costs. Their longer shelf life and ease-of-use in manufacturing settings simplifies the process even further.

Fresh Flavors, Clean Labels

Our off-the-shelf citrus fruit powder products deliver on clean label requirements.

Available in traditional and organic formulations, they have no added colors, are vegan, gluten-free and certified Kosher.

Applications

- ☑ Beverages
- ☑ Baked goods
- ☑ Dips and dressings
- ☑ Snack seasonings
- ☑ Desserts and candy

Just a few Ingredients

Our traditional and organic citrus fruit powders contain only juices and other essential ingredients to deliver the optimal flavor, texture and color.

Unlocking Citrus Potential

Bluegrass works in close collaboration with customers to create custom formulations to match exact flavor profiles, enhance texture and mouthfeel and adjust pH levels in final products.

Through state-of-the-art spray drying and blending processes, Bluegrass application experts and culinary specialists capture and refine the taste and health benefits of citrus in powder form, ready for dressings, fillings, seasonings and a wide range of other applications.

Bluegrass Ingredients operates at the cutting edge of taste and flavor trends. The **Bluegrass Agile Ingredient Innovation® Model** is custom built to help brands and flavor houses rapidly concept, test and create the tailored formulations they need to stay ahead of today's rapidly changing consumer taste and dietary demands.
